Important instructions for E-procurement

Bidders are requested to read the terms and conditions of this application before submitting your online application.

The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

More information useful for submitting online bids on the CPP Portal may be obtained at: <https://etenders.gov.in/eprocure/app>

Process of e- tender:

A) Registration:

Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL: <https://etenders.gov.in/eprocure/app>) by clicking on the link “**Online bidder Enrollment**” on the CPP Portal which is free of charge.

- 2) As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- 3) Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
- 4) Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / nCode / eMudhra etc.), with their profile.
- 5) Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSC's to others which may lead to misuse.
- 6) Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / e-Token.

SEARCHING FOR TENDER DOCUMENTS:

- 1) There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as Organization Name, Form of Contract, Location, Date, Other keywords etc. to search for a tender published on the CPP Portal.
- 2) Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
- 3) The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.**

PREPARATION OF BIDS:

- 1) Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- 2) Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- 3) Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF/JPG formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.
- 4) To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use "My Space" or "Other Important Documents" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.

Note: My Documents space is only a repository given to the Bidders to ease the uploading process. If Bidder has uploaded his Documents in My Documents space, this does not automatically ensure these Documents being part of Technical Bid.

SUBMISSION OF BIDS

- 1) Bidder should log into the site well in advance for bid submission so that they can upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- 2) The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
- 3) Bidder has to select the payment option as "offline" to pay the tender fee / EMD as applicable and enter details of the instrument.
- 4) Bidder should prepare the EMD as per the instructions specified in the tender document. The original should be posted/couriered/given in person to the concerned official, latest by the last date of bid submission or as specified in the tender documents. The details of the DD/any other accepted instrument, physically sent, should tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise the uploaded bid will be rejected.
- 5) Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. If the price bid has been given as a standard BoQ format with the tender document, then the same is to be downloaded and to be filled by all the bidders. Bidders are required to download the BoQ file, open it and complete the white coloured (unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BoQ file is found to be modified by the bidder, the bid will be rejected.

6) The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.

7) All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128 bit encryption technology. Data storage encryption of sensitive fields is done. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid opener's public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized bid openers.

8) The uploaded tender documents become readable only after the tender opening by the authorized bid openers.

9) Upon the successful and timely submission of bids (i.e. after Clicking "Freeze Bid Submission" in the portal), the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.

10) The bid summary has to be printed and kept as an acknowledgement of the submission of the bid. This acknowledgement may be used as an entry pass for any bid opening meetings.

12.3 Tender not accompanied by such EMD is liable to be rejected.

12.4 The bidders who do not qualify the requirements of pre-qualification criteria will be returned the EMD without interest on nonacceptance of their bid. The EMD of unsuccessful tenderers in Part-II shall be released to them without any interest after award of work.

12.5 The Earnest Money Deposit of the successful tenderer alone shall be held by the Bank as security for the execution and due fulfilment of the contract. If the Tenderer, after submission of the tender, deviates from his offer or modifies the terms and conditions thereof, the Bank Guarantee shall be liable to be invoked.

12.6 No interest shall be paid on the EMD. Under no circumstances Earnest Money Deposit will be accepted in the form of fixed deposit receipts or insurance guarantee or cheque or cash.

12.7 The above Bank Guarantee (EMD) of the successful bidder shall be discharged on acceptance of the tender by the Bank, and on production of a new Bank Guarantee towards Security Deposit, whose format is given in [Annexure-6](#).

12.8 Should the Invitation to Tender be withdrawn or cancelled by the Bank, which shall have the right to do so at any time, the Bank Guarantee will be discharged.

12.9 Should the successful Tenderer fail to furnish the Security Deposit, the NEFT / Demand Draft (DD) / Bank Guarantee (BG) towards EMD shall be enforced without prejudice to his being liable for any further loss or damage incurred in consequence, by the Bank. The Bank Guarantee towards EMD shall be suitably extended, if necessary, by the successful Tenderer till the date fixed by the Bank for furnishing the Bank Guarantee towards Security Deposit.

12.10 Security Deposit

12.10.i. Bank Guarantee during execution of work

On award of contract, the successful tenderer shall furnish an amount equal to **5% (five percent)** of the contract value in the form of a Bank Guarantee (Security Deposit) from any scheduled Bank in the form prescribed by the Bank as per [Annexure-6](#) (which will be submitted along with letter of acceptance) towards security deposit for the due fulfilment of the contract.

- a) This Bank Guarantee towards security deposit for the due fulfilment of the contract, shall be valid for the contract completion period up to the date of handing over of the Precision AC.
- b) The BG shall be suitably extended till completion of the work plus three (3) months in case of extension of contract period.
- c) The successful tenderer failing to furnish the Performance Bank Guarantee within stipulated time period shall be liable for penalty at bank rate for the delay period and their tender shall be liable to be cancelled and the EMD deposited shall be enforced without prejudice for further loss or damage.

- d) The NEFT / DD / Bank Guarantee (BG) towards earnest money deposit furnished at the time of submission of tender will be returned thereafter.

12.10.ii. Bank Guarantee during Defect Liability Period and CAMC period:

After completion of works but before expiry of the BG submitted for due fulfilment of execution of work, the tenderer shall furnish a new BG, in the form prescribed by the Bank as per [Annexure-6](#) for due fulfilment of the terms and obligations of the DLP and CAMC contract, for an amount equal to **10% of the capital cost of work valid for initial 05 years**, and thereafter for an amount of **5% of the Capital cost of work for rest 05 years**. The BG shall be renewed 2 weeks before expiry of the previous one failing which the **above Bank Guarantee shall be enforced without prejudice to his being liable for any further loss or damage incurred in consequence, by the Bank.**

The Bank reserves the right to invoke the Bank Guarantee in case of unsatisfactory performance of the terms, conditions of the DLP and CAMC set out in the tender at any time during the currency of committed period of **ten (10) years (One-year DLP and 09 years CAMC)**.

12.11 All compensation or other sums of money payable by the contractor to the Bank under the terms of this contract may be deducted from the earnest money deposit and the security deposit if the amount so permits, and the Contractor shall, unless such deposit as become otherwise payable, within ten days after such deduction made good in cash the amount so deducted.

13.0 Lowest Tender Not Necessarily to Be Accepted

13.1 The Bank is not bound to accept the lowest / any tender or to assign any reason for non-acceptance.

13.2 The tenderer whose tender is not accepted shall not be entitled to claim any costs, charges, damages and expenses of and incidental to or incurred by him through or in connection with his submission of tenders, even though the Bank may elect to modify / withdraw the tender.

14.0 Right to Accept Part Tender

14.1 The Bank reserves the right to accept the tender either in whole or in part at the same prices quoted by the Tenderer.

15.0 Evaluation of Tender

The tenders will be evaluated not only on the basis of capital cost quoted for the AC system but also taking into account the effect of rates quoted for comprehensive all-inclusive Annual Maintenance Contract (CAMC) for a period of 09 years after expiry of one year warranty period (Defect Liability Period), by using Net Present Value (NPV) method. For arriving at the NPV of CAMC amount, the following will be considered:

$$\text{Total Cost of Ownership} = [(A-C) + (F * B)]$$

Where, A= Capital Cost Precision AC, B= Comprehensive CAMC Value of Precision
F= 7.11 (Multiplying Factor) C= Buy-Back Amount

For calculating the NPV of service contract charges, the following factors have been applied:

(a)	Increase (Escalation)	5% per annum
(b)	Discount factor	8% per annum
(c)	Period of contract	10 years from the date of handing over of the system.

(d)	Payment terms for annual maintenance contract.	Quarterly payment after satisfactory completion of the service
-----	--	--

Minimum Base Rate for Comprehensive AMC

Minimum Base Rate for Annual maintenance / service Contract is 5% (Five) of total capital cost. In case, the tenderer quotes the rates for AMC lower than 5% (Five) of the quoted capital cost, then the 5% (Five) of the quoted capital cost will be considered as AMC for calculation of Total Cost of Ownership.

Note: Notwithstanding the above, the Bank shall pay only the quoted rate of the AMC during the currency of the committed contract period subject to renewal formulae indicated in the tender.

16.0 Signing of Contract Agreement

16.1 The General instructions to the tenderers and special conditions, conditions hereinbefore referred to, conditions of contract and technical specifications, schedule of works enclosed with the tender documents and the subsequent correspondence exchanged between the Bank and the tenderer shall be the basis of the Purchase Order / final contract to be entered into with the successful tenderer.

16.2 The tenderer shall go through the terms and conditions given in the general conditions of contract herewith and his offer shall be strictly in line with the terms specified therein. No deviation from the terms and conditions specified shall be acceptable. Each page of the tender documents should be signed for his / their having acquainted himself / themselves in the general conditions of contract, Technical specifications, etc.

16.3 The tender submitted on behalf of a firm shall be signed by all the partners of the firm or a partner who has the necessary authority on behalf of the firm to enter into the proposed contract. Otherwise the tender may be rejected.

16.4 On receipt of intimation from the Bank of the acceptance of submitted tender, the successful tenderer shall be bound to implement the Contract and within 14th days thereof, the successful tenderer shall sign an agreement in accordance with the draft articles of agreement ([Annexure-5](#)). **The agreement should be on a non-judicial stamp paper of required value as per applicable stamp act and the cost for the same shall be completely borne by the tenderer.** Notwithstanding the signing of the agreement, the written acceptance by the Reserve Bank of India of a tender, in itself, will constitute a binding contract between the Reserve Bank of India and the person so tendering, whether such agreement is or is not subsequently executed.

16.5 The contractor shall not assign the contract. He shall not sublet any portion of the contract except with the written consent of the Employer. In case of breach of these conditions, the Employer may serve a notice in writing on the Contractor rescinding the contract whereupon the security deposit shall stand forfeited to the Employer, without prejudice to his other remedies against the Contractor.

17.0 Import and Export License

17.1 Import License, if required, will be obtained by the Tenderer. All necessary documents / fees required to be submitted / paid to the relevant authorities, for obtaining the import license shall be the sole responsibility of the tenderer.

17.2 The Tenderer shall obtain and maintain the necessary export license for importing machines into India from the competent authorities and shall pay all costs and fees connected therewith. Failure to obtain and maintain export license shall not be considered as Force Majeure. In case the Tenderer fails to obtain or maintain the licenses, or if the licenses are withdrawn, the tenderer shall restore them

within two months from the date of such cancellation / withdrawal. If the tenderer fails to restore the export license, the Bank shall have the right to cancel the contract in whole or in part and the Tenderer shall forthwith return to the Bank all the amounts paid by the Bank to the Tenderer in respect of the supplies and services cancelled, together with all damages suffered by the Bank. In this regard the decision of the Bank shall be final and binding.

18.0 Inspection of materials / work at manufacturer's works / site

18.1 Pre-dispatch Inspection: Supplier shall submit the factory test report / result for the supplied equipment before delivery of the material at site.

18.2 Further, the Bank's engineer shall have free and full access at any time during execution of the contract to the contractor's works or site in case of the execution of work for the aforesaid purpose, and he may require the contractor to make arrangements for inspection of work or any part thereof or any material at his premises or at any other place specified by the Bank's Engineer and if the contractor has been permitted to employ the service of a sub-contractor, reserve to the Bank's Engineer a similar right.

18.3 The above will, however, not in any way absolve the contractor of his responsibility about proper performance of the system / components after erection and commissioning at the designated place.

18.4 Cost of Inspection: The contractor shall provide, without any extra charge, all materials, tools, labour and assistance of every kind which the Bank's Engineer may demand of him for any test / inspection and examination which he shall require to be so made on the site and shall bear and pay all costs attendant thereon.

18.5 Method of Testing: The Bank's Engineer shall have the right to put all the equipment and materials forming part of the same or any part thereof to such tests as he may think fit and proper. The contractor shall not be entitled to object on any ground whatsoever to the method of testing adopted by the Inspector.

18.6 Inspector Authority to certify performance: The Bank's Engineer shall have the power-

- a) Before any equipment or part thereof are submitted for inspection to certify that they or any portion thereof are not in accordance with the contract owing to adoption of any unsatisfactory method of manufacture;
- b) To reject any equipment or parts submitted as not being in accordance with the specification;
- c) To reject the whole of the equipment tendered for inspection, if after inspection of such portion thereof as he may in his discretion think fit, he is satisfied that the same is unsatisfactory; and
- d) To mark the rejected equipment or parts with a rejection mark so that it may easily be identified if re-submitted.

18.7 Consequence of rejection: If on the equipment or the equipment or its part thereof, being rejected by the Bank's Engineer, the contractor fails to make satisfactory supplies or rectify the faulty work thus executed within the stipulated period of delivery / completion period, the Bank shall be at liberty to:

- i) Allow the contractor to re-submit the equipment or parts in replacement of those rejected, within a time to be specified, the contractor bearing the cost of freight if any, on such replacement without being entitled to any extra payments on that account; or
- ii) Purchase / execute or authorize the purchase / execution of quantity / work of the equipment or parts rejected or others of a similar description (when equipment or parts exactly complying with specifications are not, in the opinion of the Bank which shall be final, readily available) to the contractor

at his risk and cost and without affecting the contractor's liability regarding supply under the contract; or

iii) Cancel the contract and purchase / execute or authorize the purchase / execution of the quantity /work of the equipment or others of a similar description (when equipment or parts exactly complying with specifications are not in the opinion of the Bank, which shall be final, readily available) at the risk and cost of the contractor. In the event of action being taken under such clause (ii) above or this clause, the provision of delivery clause applies as far as applicable.

18.8 The Bank's Engineer's decision as to rejection is final: The Bank's Engineer 's decision regarding the rejection shall be final and binding on the contractor subject to contractor's appeal.

19.0 Completion Period

19.1 Time allowed for carrying out the work is **45 days from the 14th day from the date of work order / intimation from the Bank**, as mentioned in the Memorandum, shall be strictly observed by the Contractor and it shall be reckoned from the 14th day after written order to commence the work is issued from the Bank. The work shall throughout the stipulated period of the contract be proceeded with all the due diligence and if the contractor fails to complete the work within the specified period, he shall be liable to pay liquidated damages as defined in "Liquidity Damages" stated in section-V- "Appendix herein before referred to" of the contract. The tenderer shall, before commencing the work, prepare a detailed work programme which shall be approved by the Employer.

19.2 The Contractor shall submit a detailed Bar Chart within seven (7) days from the date of the work order for the Bank's approval. This chart must outline the project timeline to ensure completion of the work within the contractual period, which commences on the 14th day from the date of the work order. The chart shall comprehensively include all project milestones, such as the material delivery dates at the site and item-wise work completion schedules, and shall be subject to final approval by the Bank.

19.3 Bank will provide lockable storage space within the compound of the building. However, the responsibility and safety of the materials stored will be with the contractor. No accommodation will be provided for any worker by the Bank.

20.0 Insurance

The Contractor shall effect and maintain all required insurance policies in the joint names of the Bank and the Contractor (with the Bank's name listed first as the primary beneficiary). These policies must be valid from the date of dispatch of the very first consignment from the manufacturer's factory and must remain continuously active until the formal issuance of the Virtual Completion Certificate by the Bank.

The rates quoted by the bidder in Part-II shall be inclusive of the premiums for the following mandatory coverages:

- Transit insurance for transportation from manufacturer's to site (By air / sea / road etc., as applicable). Fully covering risk from the manufacturer's warehouse to the destination site in Patna (by air/sea/road as applicable).
- **Contractor's All Risk (CAR) Insurance:** Inclusive of fire, lightning, earthquake, theft, storage, burglary, erection, testing, and commissioning risks for 100% of the total contract value.

- **Workmen Compensation Policy:** Strictly covering all laborers, technicians, and engineering staff deployed at the site by the Contractor or their authorized sub-contractor under statutory labor norms.
- **Third-Party Liability Policy:** Insuring against property damage or personal injury to third parties for a minimum coverage of ₹10 Lakhs total, with a specific limit of ₹2 Lakhs per individual accident.

Note: These policies shall be valid till the completion of work. If these policies are not provided by the contractor, the Bank reserves the right to take the above insurance policies themselves and recover the cost thereof from the bill of the contractor.

21.0 Warranty and Comprehensive Annual Maintenance Contract (CAMC)

21.1 The entire equipment shall be guaranteed to be free from defective workmanship or materials and any defects that may appear within 12 months from the date of issue of completion certificate / handing over for the entire work, which in the opinion of the Employer have arisen from bad workmanship or materials, shall upon intimation by the Employer, be made good by the Contractor at his own cost within the time specified. During the said period of 12 months, the contractor (successful tenderer) shall make periodical inspection of the working of the Precision AC free of charge at least once a month or earlier, if required, and attend to the maintenance of the various parts and such other service that may be required of him.

13.0 The Contractor shall install a suitable protective covering on all finished floors in areas where the works are being performed. No material handling equipment shall be permitted on or over finished floors unless said floors have been protected in a manner approved by the Client. Any damage to building finishes caused by the Contractor shall be refinished at no additional cost to the Client. The Contractor shall take photographs of any adjacent finishes that may be damaged during the works for a photographic record.

Authorities, Notices and Patents

14.0 The Contractor shall conform to the provisions of any Act of the Legislature relating to the works, and to the regulations and bye-laws of any authority, and of electric supply and other companies and / or authorities with whose systems, the installation is proposed to be connected and shall, before making any variations from the Drawings or Specifications that may be necessitated by so conforming, give to the Employer, written notice, specifying the variation proposed to be made and the reason for making it and apply for instructions thereon. In case the Contractor shall not receive such instructions within ten days, he shall proceed with the work conforming to the provisions, regulations or bye-laws, in question, and any variation so necessitated shall be dealt with under section-IV-clause-22.0 thereof.

14.1 The Contractor shall bring to the attention of the Employer, all notices required by the said Acts, regulations or bye-laws to be given to any authority and pay to such authority, or to any public office, all fees that may be properly chargeable in respect of the works and lodge the receipts with the Employer.

14.2 The Contractor shall indemnify the Employer against all claims in respect of rights, and shall defend all actions arising from claims, and shall himself pay all royalties, license fees, damages, cost and charges of all and every sort that may be legally incurred in respect thereof.

Setting out of works

15.0 The Contractor shall set out the works and shall be reasonable for the true and perfect setting out of the same and for the correctness of the positions, levels, dimensions, and alignment of all parts thereof. If at any time any error in this respect shall appear during the progress of the works within a period of one year from the completion of the works, the Contractor shall, if so required, at his own expense, rectify such error to the satisfaction of the Employer.

Materials and workmanship to conform the descriptions

16.0 All materials and workmanship shall so far as procurable be of the respective kinds described in the Schedule of Quantities and / or Specifications and in accordance with the Employer's instructions, and the Contractor shall upon the request of the Employer furnish him with all invoices, accounts receipts and other vouchers to prove that the materials comply therewith. The Contractor shall at his own cost arrange for and / or carry out any test of any materials which the Employer may require.

Contractor's superintendence and representative on the works

17.0 The Contractor shall give all necessary personal superintendence during the execution of the works, and as long thereafter as the Employer may consider necessary until the expiration of the "Defects Liability Period" stated in the section-V- "Appendix Hereinbefore Referred To". The Contractor shall also during the whole time the works are in progress, employ a competent representative who shall be constantly in attendance at the works while the men are at work. Any directions, explanations, instructions or notices given by the Employer to such representative shall be held to be given to the Contractor.

Dismissal of Workmen

18.0 The Contractor shall on the request of the Employer, immediately dismiss from the works, any person employed thereon by him who may, in the opinion of the Employer, be incompetent or misconduct himself and such persons shall not be again employed on the works, without the permission of the Employer.

Access to Works

19.0 The Employer and their respective representatives shall at all reasonable times have free access to the works and / or the workshops, factories or other places where materials are lying or from which they are being obtained and the Contractor shall give every facility to the Employer and their representatives necessary for inspection and examination and test of the materials and workmanship. No person not authorized by the Employer except the representatives of public authorities shall be allowed on the works at any time.

Assistant Manager (Tech.) / Manager (Tech.) / Assistant General Manager (Tech.) / The Bank's Engineer

20.0 The term "Assistant Manager (Tech.) / Manager (Tech.) / Assistant General Manager (Tech.) / The Bank's Engineer" shall mean the person appointed and paid by the Employer to inspect the works, the Contractor shall afford the Assistant Manager / Manager, every facility and assistance for inspecting the works and materials and for checking and measuring time and materials. The Assistant Manager (Tech.) / Manager (Tech.) / Assistant General Manager (Tech.) / The Bank's Engineer shall have power to set out works or to revoke, alter, enlarge or relax any requirements of the Contract or to sanction any work, additions, alterations, deviations or omissions or any extra work whatever,

except in so far as such authority may be specially conferred by a written order with the prior concurrence in writing of the Employer.

The Assistant Manager (Tech.) / Manager (Tech.) / Assistant General Manager (Tech.) / The Bank's Engineer or any representative of the Employer shall have power to give notice to the Contractor or to his representative of non-approval of any work or materials and such work shall be suspended or the use of such materials shall be discontinued by the Assistant Manager (Tech.) / Manager (Tech.)

/ Assistant General Manager (Tech.) / The Bank's Engineer but such examination shall not in any way exonerate the Contractor from the obligation to remedy any defects which may be found to exist at any stage of the works or after the same is completed.

Assignments and Sub-letting

21.0 The whole of the works included in the Contract shall be executed by the Contractor and the Contractor shall not directly or indirectly transfer, assign or under-let the Contract or any part share thereof or any interest therein without the prior written consent of the Employer, and no undertaking shall relieve the Contractor from the full and entire responsibility of the Contract or from active superintendence of the works during their progress.

22.0 No alteration, omission or variation shall vitiate this Contract but in case the Employer thinks proper at any time during the progress of the works to make any alterations in or additions to or omissions from the works or any alteration in the kind or quality of the materials to be used therein and shall give notice thereof in writing under his hand to the Contractor, the Contractor shall alter, add to or omit from, as the case may be, in accordance with such notice but the Contractor shall not do any work extra to or make any alterations or additions to or omissions from the works or any deviation from any of the provisions of the Contract, Stipulation, Specifications or Contract Drawings without the previous consent in writing of the Employer and the value of such extras, alterations, additions or omissions shall in all cases be determined with the prior approval in writing of the Employer in accordance with the provisions of section-IV-clause-26.0 hereof, and the same shall be added to or deducted from the Contract Amount, as the case may be, accordingly.

Schedule of Quantities

23.0 The Schedule of Quantities, unless otherwise stated, shall be deemed to have been prepared in accordance with the Standard Method of Measurement. Any error in description or in quantity or in omission of items from the Schedule of Quantities shall not vitiate this contract but shall be rectified and the value thereof as ascertained under section-IV-clause-26.0 hereof, shall be added to, or deducted from, the Contract Amount (as the case may be) provided that no rectification of errors, if any, shall be allowed in the Contractor's Schedule of Rates.

Sufficiency of Schedule of Quantities

24.0 The Contractor shall be deemed to have satisfied himself before tendering as to the correctness and sufficiency of his tender for the works and of the prices stated in the Schedule of Quantities and / or the Schedule of Rates and Prices which rates and prices shall cover all his obligations under the Contract, and all matters and things necessary for the proper completion of the works.

Measurement of Works

25.0 The Assistant Manager (Tech.) / Manager (Tech.) / Assistant General Manager (Tech.) / The Bank's Engineer (Junior Engineer) may from time to time intimate to the Contractor and the Employer that he requires the works to be measured, and the Contractor shall forthwith attend or send a qualified Agent to assist the Assistant Manager (Tech.) / Manager (Tech.) / Assistant General Manager (Tech.) / The Bank's Engineer (Junior Engineer) in taking such measurements and calculations and to furnish

all particulars or to give all assistance required by any of them. Should the Contractor not attend or neglect or omit to send such Agent, then the measurement taken by the Assistant Manager (Tech.) / Manager (Tech.) / Assistant General Manager (Tech.) / The Bank's Engineer (Junior Engineer) shall be taken to be correct measurements of the works. Such measurements shall be taken in accordance with the Mode of Measurement detailed in the Specifications. The Contractor or his Agent may at the time of measurement take such notes and measurements as he may require. All authorized extra works, omissions and all variations made with the prior approval in writing of the Employer shall be included in such measurements.

Prices for extra etc. ascertainment of

26.0 The Contractor may, when authorized by Employer, add to, omit from, or vary the works shown upon the drawings, or described in the Specification, or included in the Schedule of Quantities, but the Contractor shall make no addition, omission or variation without such authorization or direction. A verbal authority or direction by the Employer shall, if confirmed by him in writing within seven days, be deemed to have been given in writing. No claim for any extra shall be allowed unless it shall have been executed under provisions of section-IV-clause-5.0 hereof with the concurrence of the Employer as herein mentioned. Any such extra is herein referred to as authorized extra and shall be made in accordance with the following provisions.

(a)	(i)	The net rates or prices in the original tender shall determine the valuation of the extra work where such extra work is of similar character and executed under similar conditions as the work priced therein.
	(ii)	Rates for all items, wherever possible, should be derived out of the rates given in the Priced Schedule of Quantities.
(b)	The net prices of the original tender shall determine the value of the items omitted, provided if omissions vary the conditions under which any remaining items of works are carried out, the prices for the same shall be valued under sub-clause (c) hereof.	
(c)	Where the extra works are not of similar character and / or executed under similar conditions as aforesaid or where the omissions vary the conditions under which any remaining items of works are carried out or if the amount of any omission or additions relative to the amount of the whole of the Contract works or to any part thereof shall be such that in the opinion of the Employer the net rate or price contained in the Priced Schedule of Quantities or tender or for any item of the works involves loss or expense beyond that reasonably contemplated by the Contractor or is by reason of such omission or addition rendered unreasonable or inapplicable, the Employer shall fix such other rate or price as in the circumstances he shall think reasonable and proper.	
(d)	Where extra work cannot be properly measured or valued, the Contractor shall be allowed	
(e)	day work prices at the net rates in accordance with the local day work rates and wages for the district, provided that in either case vouchers specifying the daily time and materials employed, be delivered for verification to the Employer at or before the end of the week following that in which the work has been executed.	
The measurement and valuation in respect of the Contract shall be completed within the “Period of Final Measurement” stated in the section-V- “Appendix Hereinbefore Referred To”, or if not stated, then defined in <u>section-IV-clause-25.0</u> hereof.		

Unfixed materials when considered to be the property of the Employer

27.0 Where in any Certificate (of which the Contractor has received payment) the Employer has included the value of any unfixed materials intended for and / or placed on or adjacent to the works, such materials shall become the property of the Employer and they shall not be removed except for use upon the works, without the written authority of the Employer. The Contractor shall be liable for any loss of or damage to such materials.

Removal of improper work

28.0 The Employer shall, during the progress of the works, have power to order in writing from time to time the removal from the works within such reasonable time or times, as may be specified in the order, of any materials which in the opinion of the Employer are not in accordance with the Specifications or the instructions of the Employer, the substitution of proper materials, and the removal and proper re-execution of any work executed with materials or workmanship not in accordance with the Drawings and Specifications or instruction, and the Contractor shall forthwith carry out such order at his own cost. In case of default on the part of the Contractor to carry out such order, the Employer shall have the power to employ and pay the other persons to carry out the same, and all expenses consequent thereon, or incidental thereto shall be borne by the Contractor, or may be deducted by the Employer from any payment due, or that may become due, to the Contractor.

Defects after virtual completion

29.0 Any defect, shrinkage, settlement or other faults which may appear within the “Defects Liability Period” stated in the section-V- “Appendix Hereinbefore Referred To”, if none stated, then within 12 months after the virtual completion of the works, arising in the opinion of the Employer from materials or workmanship not in accordance with the contract, shall upon the directions in writing of the Employer, and within such reasonable time as shall be specified therein, be amended and made good by the Contractor, at his own cost and in case of default, the Employer may employ and pay other persons to amend and make good such defects, other faults, and all damages, loss and expenses consequent thereon or incidental thereto shall be made good and borne by the Contractor and such damage, loss and expenses shall be recoverable from him by the Employer or may be deducted by the Employer from any payment due or that may become due to the Contractor, or the Employer may in lieu of such amending and making good by the Contractor deduct from any payment due to the Contractor a sum to be determined by the Employer equivalent to the cost of amending such work and in the event of the amount retained under section-II-clause-12.0 hereof being insufficient, recover the balance from the Contractor, together with any expenses the Employer may have incurred in connection therewith. Should any defective work have been done or material supplied by any Sub-Contractor employed on the works who has been nominated or approved by the Employer as provided in section-IV-clause-21.0 and section-IV-clause-22.0, the Contractor shall be liable to make good in the same manner as if such work or material had been done or supplied by the Contractor and been subject to the provisions of this clause and section-IV-clause-2.0 hereof. The Contractor shall remain liable under the provision of this Clause, notwithstanding the signing of any certificate or the passing of any accounts, by the Employer.

Certificate of Virtual Completion and Defects Liability Period

30.0 The works shall not be considered as completed until the Employer has certified in writing that they have been virtually completed. The Defects Liability Period shall commence from the date of such Certificate.

Nominated Sub-Contractor

31.0 All Specialists, Merchants, Tradesman and others executing any work of supplying and fixing any goods, for which prime cost prices or provisional sums are included in the Schedule of Quantities and / or Specifications, who may be nominated or selected by the Employer are hereby declared to be Sub-Contractors employed by the Contractor and are herein referred to as nominated Sub-Contractors.

No nominated Sub-Contractors shall be employed on or in connection with the works against whom the Contractor shall make reasonable objection or (save where the Employer and Contractor shall otherwise agree) who will not enter into Contract providing;

a) That the nominated Sub-Contractors shall indemnify the Contractor against the obligation in respect of the Sub-Contractor as the Contractor is under in respect of this Contract.

b) That the nominated Sub-Contractor shall indemnify the Contractor against claims in respect of any negligence by the Sub-Contractor, his servants or agents or any misuse by him or them of any scaffolding or other plant, the property of the Contractor or under any Workmen's Compensation Act in force.

c) Payment shall be made to the nominated Sub-Contractor within fourteen days provided that all nominated Sub-Contractor's accounts included in previous Certificates have been duly discharged, in default whereof, the Employer may pay the same and deduct the amount thereof from any sums due to the Contractor. The exercise of this power shall not create privity of contract as between Employer and Sub-Contractor.

Other persons employed by Employer

32.0 The Employer reserves the right to use the premises and any portions of the site for the execution of any work not included in this Contract, which it may desire to have carried out by other persons, and the Contractor shall allow all reasonable facilities for the execution of such work but shall not be required to provide any plant or materials for the execution of such work. Such work shall be carried out in such manner as not to impede the progress of the works included in the Contract and the Contractor shall not be responsible for any damage or delay which may happen to or occasioned by such work.

33.0 Insurance in respect of damage to person and property

33.1 The Contractor shall be responsible for all injury to persons, animals or things, and for all structural and decorative damage to property which may arise from the operation or neglect of himself or of any nominated Sub-Contractor or any employee or either, whether such injury or damage arises from carelessness, accident or any other cause whatever, in any way connected with the carrying out of this Contract. This liability under this clause shall be held to include inter alia, any damage to buildings, whether immediately adjacent or otherwise, and any damage to roads, streets, footpaths, bridges or ways as well as all damage caused to the buildings and other structures and works forming the subject matter of this Contract. The contractor shall also be responsible for any damage caused to the buildings and other structures and works forming the subject matter of this Contract by frost, rain, wind or other inclemency of weather. The Contractor shall indemnify and keep indemnified the Employer and hold him harmless in respect of all and any loss and expenses arising from any such injury or damage to persons or property as aforesaid and also against any claim made in respect of injury or damage, whether under any Statute or otherwise and also in respect of any award of compensation or damages consequent upon such claim. **The contractor shall, at his own expense, effect and maintain till issue of the completion certificate under this contract, with an insurance**

company approved by the Employer, an All Risks Policy for insurance for an amount equal to the amount of the contract including losses and damages due to fire, earthquake risk and damages during storage, erection, testing and commissioning, in the joint names of the Employer and the contractor (the name of the former being placed first in the policy) against all risks as per the standard all risk policy for contractors and deposit such policy or policies with the employer before commencing the works.

33.2 The Contractor shall reinstate all damage of every sort mentioned in this Clause, so as to do delivery of the whole of the Contract works complete and perfect in every respect and so as to make good or otherwise satisfy all claims for damage to the property of third parties. The Contractor shall also indemnify and keep indemnified the Employer against all claims which may be made against the Employer by any person/ member of the public or other third party in respect of anything which may arise in respect of the works or in consequence thereof and **shall at his own expense arrange to effect and maintain, until the completion of the Contract, with an Insurance company approved by the employer a policy of Insurance in the joint names of the Employer and the Contractor (the name of the former being placed first in the policy) against such risks and deposit such Policy or Policies with the Employer before commencement of the work.** The minimum limit of coverage under the policy shall be as defined elsewhere under General instructions to the tenderer.

33.3 The Contractor shall also similarly indemnify the Employer against all claims which may be made upon the Employer whether under the **Workmen Compensation Act** or any other statute in force during the currency of this contract and also during CAMC period or at Common Law in respect of any employee of the Contractor or any Sub-Contractor and **shall at his own expenses effect and maintain, until the completion of the Contract, with an Insurance company approved by the employer a policy of Insurance in the joint names of the Employer and the Contractor (the name of the former being placed first in the policy) against such risks and deposit such Policy or Policies with the Employer from time to time during the currency of the Contract.**

33.4 In default of the contractor ensuring as provided above, the employer may so ensure and may deduct the premiums paid from any money due or which may become due to the contractor. The Contractor shall be responsible for any liability which may be excluded from the Insurance Policies above referred to and also for all other damages to any person, animal or property arising out of and incidental to the negligent or defective carrying out of this Contract, whatever may be the reasons due to which the damage shall have been caused. He shall also indemnify and keep indemnified the Employer in respect of all and any costs, charges or expenses arising out of any claim or proceedings relating to the works and also in respect of any award of compensation or damages, arising therefrom.

33.5 Without prejudice to the other rights of the employer against contractor in respect of such default, the Employer shall be entitled to deduct from any sums payable to the Contractor the amount of any damage, compensation, costs, charges and other expenses paid by the employer and which are payable by the contractor under this clause. The contractor shall upon settlement by the insurer of any claim made against the insurer pursuant to a policy taken under this clause proceed with due diligence to rebuild or repair the works destroyed or damaged. In this event all the money received from the insurer in respect of such damage shall be paid to the contractor and the contractor shall not be entitled to any further payments in respect of the expenditure incurred for rebuilding or repairing of the materials or goods destroyed or damaged.

33.6 The contractor, in case of re-building or reinstatement after damage shall be entitled to such extension of time for completion as the Employer may deem fit, but shall, however, not be entitled to

reimbursement by the employer of any shortfall or deficiency in the amount finally paid by the insurer in settlement of any claim arising as set out herein.

33.7 Without prejudice to his liability under this clause, the contractor shall also cause all nominated sub-contractors to effect, for their respective portions of works similar policies of insurance in accordance with the provisions of this clause and shall produce or cause to produce to the employer such policies. The contractor shall not permit a nominated sub-contractor to commence work at site unless said insurance policies are submitted. In the event of failure, of the sub-contractor to take out such policy or policies of insurance before commencing the works at site, the contractor shall be responsible for any claim or damage attributable to the said sub-contractor.

Date of Commencement and Completion

34.0 The Contractor shall be allowed admittance to the site on the “Date of Commencement” stated in the section-V- “Appendix Hereinbefore Referred To” or such later date as may be specified by the Employer and he shall thereupon and forthwith being the works and shall regularly proceed with and complete the same (except such painting or other decorative work as the Employer may desire to delay) on or before the “Date of Completion” stated in the section-V- “Appendix Hereinbefore Referred To”, subject nevertheless to the provisions for extension of time hereinafter contained.

Damages for Non-completion

35.0 If the Contractor fails to complete the works by the date stated in the section-V- “Appendix Hereinbefore Referred To”, or within any extended time under section-IV-clause-36.0 hereof and the Employer certifies in writing that in his opinion the same ought reasonably to have been completed, the Contractor shall pay the Employer the sum named in the section-V- “Appendix Hereinbefore Referred To” as “Liquidated Damages” for the period during which the said works shall so remain incomplete.

Delay and Extension of Time

36.0 If in the opinion of the Employer, the works be delayed (a) by force majeure or (b) by reason of any exceptionally inclement weather or (c) by reason of proceedings taken or threatened by or dispute with adjoining or neighbouring owners or public authorities arising otherwise than through the Contractor’s own default or (d) by the works or delays of other Contractors or Tradesmen engaged or nominated by the Employer and not referred to in the Schedule of Quantities, and / or Specification or (e) by reason of Employer’s instructions as per section-IV-clause-2.0 hereof or (f) by reason of civil commotion, local combination of workmen or strike or lock-out affecting any of the building trades or (g) in consequence of the Contractor not having received in due time, necessary instructions from the Employer for which he shall have specifically applied in writing or (h) from other causes which the Employer may certify as beyond the control of Contractor or (i) in the event the value of the work exceeds the value of the Priced Schedule of Quantities owing to variation, make a fair and reasonable extension of time for completion of the Contract works, in case of such strike or lock-out the Contractor shall nevertheless constantly use his endeavours to prevent delay and shall do all that may reasonably be required to the satisfaction of the Employer to proceed with work.

Failure by Contractor to comply with Employer’s instructions

37.0 If the Contractor after receipt of written notice from the Employer requiring compliance within ten days fails to comply with such further drawings and the Employer may employ and pay other persons to execute any such work whatsoever that may be necessary to give effect thereto, and all costs incurred in connection therewith shall be recoverable from the Contractor by the Employer or may be deducted by him from any moneys due to the Contractor.

Termination of Contract by the Employer

38.0 If the Contractor being an individual or a firm commits any “act of insolvency”, or shall be adjudged an insolvent or being an Incorporated Company shall have an order for compulsory winding up made against it or pass an effective resolution for winding up voluntarily or subject to the supervision of the Court and the Official Assignee of the Liquidator, in such acts of insolvency or winding up, as the case may be, shall be unable, within seven days after notice to him requiring him to do so, to show the reasonable satisfaction of the Employer that he is able to carry out and fulfil the Contract and to give security therefor, if so required by the Employer,

Or if the Contractor (whether an individual, firm or Incorporated Company) shall suffer execution or other process of Court attaching property to be issued against the Contractor,

Or shall suffer any payment under this Contract to be attached by or on behalf of any of the creditors of the Contractor,

Or shall assign or sublet this Contract without the consent in writing of the Employer first had obtained,

Or shall charge or encumber this Contract or any payments due or which may become due to the Contractor hereunder,

Or if the Employer determine that the Contractor;

- (i) has abandoned the Contract, or
- (ii) has failed to commence the works, or has without any lawful excuse under those Conditions suspended the progress of the works for 14th days after receiving from the Employer notice to proceed, or
- (iii) has failed to proceed with the works with such due diligence and failed to make such due progress as would enable the works to be completed within the time agreed upon, or
- (iv) has failed to remove materials from the site or to pull down, and replace work for seven days after receiving written notice that the said materials or work were condemned and rejected by the Employer under these Conditions or
- (v) has neglected or failed persistently to observe and perform all or any of the acts, matters or things by this Contract to be observed and performed by the Contractor for seven days after written notice shall have been given to the Contractor requiring the Contractor to observe or perform the same.

Then and in any of the said cases, the Employer may notwithstanding any previous waiver, after giving seven days' notice in writing to the Contractor, determine the Contract and liabilities of the Contractor, the whole of which shall continue in force fully as if the Contract had not been so determined, and as if the works subsequently executed had been executed by or on behalf of the Contractor and further, the Employer by his agents or servants may enter upon and take possession of the works and all plant, tools, scaffoldings, machinery and materials lying upon the premises or the adjoining lands or roads, and use the same as his own property or may employ the same by means of his servants and workmen in carrying on and completing the works or by employing any other Contractor or other person or persons to complete the works, and the Contractor or other person or persons employed for completing and finishing or using the materials and plant for the works. When the works shall be completed or as soon thereafter as convenient, the Employer shall give a notice in writing to the Contractor to remove his surplus materials and plant, and should the Contractor fail to do so within a period of twenty days after receipt thereof by him, the Employer may sell the same by

public auction, and give credit to the Contractor for the net amount realized. The Employer shall thereafter ascertain in writing under his hand what (if anything) shall be due or payable to, or by the Employer, for the value of the said plant and materials so taken possession of by the Employer and the expense or loss which the Employer shall have been put to in procuring the works to be completed, and the amount, if any, owing to the Contractor and the amount which shall thereupon be paid by the Employer to the Contractor or by the Contractor to the Employer, as the case may be, and the decision of the Employer shall be final and conclusive between the parties.

Termination of Contract by Contractor

39.0 If payment of the amount payable by the Employer shall be in arrears and unpaid for thirty days after notice in writing requiring payment of the amount as aforesaid shall have been given by the Contractor to the Employer or if the Employer shall repudiate the Contract, or if the works be stopped for three months under the order of the Employer or by any injunction or other order of any Court of Law, then and in any of the said cases, the Contractor shall be at liberty to determine the Contract by notice in writing to the Employer and he shall be entitled to recover from the Employer, payment for all works executed and for any loss he may sustain upon any plant or materials supplied or purchased or prepared for the purpose of the Contract.

In arriving at the amount of such payment, the net rates contained in the Contractor's original Tender shall be followed, or where the same may not apply, valuation shall be made in accordance with section-IV-clause-26.0 hereof.

Certificates and Payments

40.0 The Contractor shall be paid by the Employer from time to time by instalments under Interim Certificate to the Contractor on account of the works executed, work to the approximate value named in the section-V- "Appendix Hereinbefore Referred To" as "Value of work for Interim Certificates" (or less at the reasonable discretion of the Employer) has been executed in accordance with this Contract, after which time the instalments shall be up to the full value of work, subsequently so executed and fixed in the building. The Employer may, at his discretion, include in the Interim Certificate such amount as he may consider proper on account of materials delivered upon the site by the Contractor for use in the works. And when the works have been virtually completed and the Employer shall have certified in writing that they have been completed, the Contractor shall be entitled to the payment of the Final Balance in accordance with the Final certificate to be issued in writing by the Employer at the expiration of the period referred to as the "Defects Liability Period" in the section-V- "Appendix Hereinbefore Referred To", from the Date of Virtual Completion or as soon after the expiration of such period as the works shall have been finally completed and defects made good according to the true intent and meaning hereof, whichever shall last happen, provided always that the issue by the Employer of any certificate during the progress of the works at or after their completion shall not relieve the Contractor from his liability under section-IV-clause-2.0 and section-IV-clause-

29.0 nor relieve the Contractor of his inability in cases of fraud, dishonesty or fraudulent concealment relating to the works or materials or to any matter dealt within the Certificate, and in case of all defects and insufficiencies in the works or materials, which a reasonable examination would not have disclosed. No Certificate shall of itself be conclusive evidence that any works or materials, to which it relates, are in accordance with the Contract neither will the Contractor have a claim for any amounts which the Employer might have certified in any interim bill and paid by the Employer and which might subsequently be discovered as not payable and in this respect the Employer's decision shall be final and binding.

40.1 The Employer shall have power to withhold any Certificate if the works or any parts thereof are not being carried out to his satisfaction.

40.2 The Employer may by any Certificate make any correction in any previous certificate which shall have been issued by him.

40.3 No certificate or payment shall be issued if the Contractor fails to insure the works and keep them insured till the issue of the Virtual Completion Certificate.

40.4 Payments shall be made within the period named in the section-V- "Appendix Hereinbefore Referred To" as "Period for Honouring Certificates" after such Certificates have been delivered to the Employer.

Delayed Payment

41.0 Any amounts payable by the Employer to the Contractor if not paid within the "Period for honouring Certificates" named in the section-V- "Appendix Hereinbefore Referred To", carry interest at the rate named in the section-V- "Appendix Hereinbefore Referred To", as the "Rate of interest for delayed payment" from the date upon which such sum ought to have been paid by the Employer until the payment.

Matters to be finally determined by Employer

42.0 The Employer decision, opinion, direction, Certificate (except for payment), with respect to all or any of the matter under section-IV-clause-2.0(a), 2.0(b), 4.0, 7.0, 12.0, 19.0, 28.0, 36 (a, b, c, d, e, f) hereof (which matters are herein referred to as the "exempted matters") shall be final and conclusive and binding on the parties hereto and shall be without appeal. Any other decision, opinion, direction, Certificate or valuation of the Employer or any refusal of the Employer to give any of the same shall be subject to the right of arbitration and review under section-IV-clause-43.0 hereof in the same way in all respects (including the provision as to opening the reference) as if it were a decision of the Employer.

Settlement of dispute by arbitration

43.0 In case of any dispute or difference arising out of or in connection with or in carrying out of the work (whether during the progress of the work or after completion and whether before or after the determination, abandonment or breach of contract) except as to any of the excepted matters provided hereunder the parties hereto, shall first endeavour to settle such disputes or differences amicably. If both the parties fail to reach such amicable settlement, all the disputes or differences shall be finally settled by arbitrators as provided herein.

In case of failure of such amicable settlement by the parties, then either party may within 28 days of such a failure give a written notice to the other party requiring that all matters in dispute or difference be arbitrated upon. Such written notice shall specify the matters which are in dispute or differences of which such written notice has been given and no other matter shall be referred to the arbitration of a single arbitrator to be appointed by both the parties or in case of disagreement as to the appointment of a single arbitrator, the appointment of two arbitrators (one to be appointed by each party) and an umpire to be appointed by the arbitrators. The provisions of Arbitration and Conciliation Act, 1996 or any statutory modification or re-enactment thereof and rules framed thereunder from time to time shall apply to such arbitrations.

In the event of the Arbitrator or any one of the Arbitrators, as the case may be, dying, neglecting, refusing to act or resigning or being unable to act for any reason or the award being set-aside by the Court for any reason it shall be lawful for the parties to appoint another Arbitrator in the manner provided herein above.

The venue of arbitration shall be Patna, India.

The Arbitrator or Arbitrators appointed under this Schedule shall hold the arbitration proceeding jointly and shall have the power to extend the time to make the award with the consent of the parties.

Pending reference to arbitration and award thereon, the parties shall make all endeavour to complete the work in all respects as herein contracted and all disputes, if any, will finally be settled in the arbitration.

Upon every or any such references to the arbitration, as provided herein the cost of and incidental to the reference and award respectively shall be, at the discretion of the Arbitrator or Arbitrators or the Umpire, as the case may be, who may determine the amount thereof.

The Arbitrator, Arbitrators or Umpire, as the case may be, shall give reasoned award in respect of each item of dispute which shall be final and binding on both the parties. It is agreed that the Contractor shall not delay the carrying out of the work by reason of any such matter, question or dispute being referred to arbitration, but shall proceed with the work with all due diligence and shall, until the decision of the Arbitrators, as the case may be, is given, abide by the terms and conditions of the contract herein, as also instructions with regard to the actual carrying out of the work herein contracted and no award shall relieve the Contractor of his obligations to adhere strictly to the terms and conditions of the contract herein as also instructions with regard to the actual carrying out of the work. The Bank and the Contractor hereby also agree that arbitration under this schedule shall be a condition precedent to any right of action, under the Contract.

In case during the arbitration proceedings, the parties mutually settle, compromise or compound their dispute or difference, the reference to arbitration and the appointment of the Arbitrator or Arbitrators, or Umpire, as the case may be, shall be deemed to have been revoked and the arbitration proceedings shall stand withdrawn or terminated with effect from the date on which the parties file a joint memorandum of settlement thereof with the Arbitrator or Arbitrators or the Umpire, as the case may be. For the purpose of this clause, the expression "exempted matters" shall mean and refer to all or any of the matters under Scope of work, Contract price, Delivery Schedule and Final Acceptance certificate.

Right of technical scrutiny of final bill

44.0 The Employer shall have a right to cause a technical examination of the works and the final bill of the Contractor including all supporting vouchers, abstracts etc. to be made at the time of payment of the final bill. If as a result of this examination or otherwise, any sum is found to have been overpaid or over-certified, it shall be lawful for the Employer to recover the sum.

Employer entitled to recover compensation paid to workmen

45.0 If, for any reason, the Employer is obliged, by virtue of the provision of the Workmen's Compensation Act, 1923, or any statutory modifications or re-enactment thereof to pay compensation to a workman employed by the Contractor in execution of the works, the Employer shall be entitled to recover from the Contractor the amount of compensation so paid, and without prejudice to rights of the Employer under the said Act. The Employer shall be at liberty to recover such amount or any part thereof by deducting it from the security deposit or from any sum due by the Employer to the Contractor under this Contract or otherwise. The Employer shall not be bound to contest any claim made against it under the said Act, except on the written request of the Contractor and upon his giving to the Employer full security to the satisfaction of the Employer for all costs for which the Employer might become liable in consequence of contesting such claim.

Abandonment of Works

46.0 At any time after acceptance of the tender, the Employer shall, for any reasons whatsoever, not require the whole or any part of the works to be carried out, the Employer shall give notice in writing

to the Contractor who shall have no claim to any payment of compensation or otherwise whatsoever on account of any profit or advantage which he might have derived from the execution of the whole works.

Return of surplus materials

47.0 Notwithstanding anything contained to the contrary in any or all the Clauses of this Contract, where any material for the execution of the Contract is procured with the assistance of the Employer by purchases made under orders or permits or licenses issued by Government, the Contractor shall hold the said materials economically and solely for the purpose of the Contract and not dispose of them without the prior written permission of the Employer and return it to the Employer, if required by the Employer, at the price to be determined by the Employer having due regard to the condition of the materials, the price to be determined not to exceed the purchase price thereof inclusive of sales tax, octroi and other such levies paid by the Contractor in respect thereof. In the event of breach of the aforesaid condition, the Contractor shall, in addition to being liable to action for contravention of the terms of licenses or permits and / or criminal breach of trust, be liable to the Employer for all payments, advantages or profits resulting, or which in the usual courses would have resulted to him, by reason of such breach.

Right of Employer to terminate Contract in the event of death of Contractor, if individual 48.0
Without prejudice to any of the rights or remedies under this Contract, if the Contractor, being an individual, dies, the Employer shall have the option of terminating the Contract without incurring any liability for such termination.

Accident Reports

49.0 In the event of accidents of any kind, the Contractor shall furnish the Client with copies of all accident reports, the reports shall be sent without delay and at the same time that they are forwarded to any other parties.

Marginal Notes

50.0 The notes in the box and in the catch lines hereto and in the Annex's hereto are meant only for convenience of reference and shall not in any way be taken into account in the interpretation of these presents and the Annex's hereto.

Special Conditions: Progress of Work

51.0 Upon award, the Contractor shall reconfirm, in writing, the starting and completion schedule including equipment delivery dates based upon the information submitted on its tender form.

52.0 The Contractor shall submit, in writing, quarterly reports showing current equipment delivery dates and anticipated completion dates for individual units and groups of units.

Section-VI – Technical Specifications and Scope of Work.

1. OVERVIEW & GENERAL REQUIREMENTS

1.1 Scope of Work

This specification covers the supply, installation, testing, commissioning, and handing over of two (2 nos) 5 TR capacity minimum, floor-mounted Precision Air Conditioning (PAC) units operating in a 1+1 (Duty + Standby) configuration with auto-alternation.

The scope includes all connected indoor units, outdoor air-cooled condensers, refrigerant piping, eco-friendly refrigerant, humidifier / dehumidifier, electrical distribution, control panels, structural supports, drain pipe and BMS integration.

1.2 Site Operating Conditions

- Application: 24/7 Server Room / Data Centre Environmental Control.
- Floor Layout: Plain/Standard Floor (Raised Floor).
- Piping Distance: distance between indoor and outdoor units. Elevation Difference:(Vendor may visit the site and asses by own.)

2. SYSTEM OPERATION & CONTROL PHILOSOPHY

- The system shall operate in a 1+1 layout (1 Duty unit and 1 Standby unit).
- An intelligent master controller shall manage automatic alternation of the units every 24 hours (user-adjustable) to balance running hours.

2.1 Automatic Failover & Safe Start

- Emergency Cut-in: If the operating unit triggers a critical alarm or if the server room temperature exceeds a pre-set high limit threshold, the standby unit must start automatically.
- Sequential Start: Upon restoration of main grid power following an outage, the units must initiate a staggered, sequential start with an adjustable time-delay (10–60 seconds) to prevent building electrical surges.

3 . other requirements

1. The room air-conditioning system shall be through **top discharge /front discharge indoor unit** specifically for high sensible heat ratio applications such as Server Rooms and Data Centres. The tenderers are free to propose for the best layout including direct discharge through creation of cold air aisles and direct pick up from hot air aisles.
2. Each unit shall be capable of providing sensible cooling capacities at rated ambient temperatures with adequate airflow. The units in operation should be capable of inside conditions, in essence a temperature of 19 °C ± 1°C and relative humidity of minimum 45-55 RH.
3. The system shall contain energy efficient Scroll compressor, Evaporator, Humidifier, Condenser and an Electronic Expansion Valve (EEV), all of which shall be contained within the cabinet of the unit.

4. The basic requirement of the PAC units and their components are mentioned in the following paragraphs. However, tenderer may choose to offer better specifications as recommended / designed by the various OEMs duly supported by the leaflet / catalogue etc. meeting the Bank's requirement.
5. **Cabinet Construction-** The unit shall be having powder painted panels. A hinged control access panel opens to a second front panel which is a protection enclosure for high voltage components. The frame is painted with a powder coat finish to protect against corrosion. The unit shall be totally front and rear accessible including any component removal.
6. **Air Filtration-** The filter chamber shall be an integral part of the system and withdrawable from the front of the unit.
7. **Fans-** The fan section shall be designed for the required tonnage of the system. The fans shall be located downstream of the evaporator coil and be of the backward curved fan, shall be statically and dynamically balanced. Each fan shall be separately driven by high efficiency electric motors. The motor base plate shall include locatorsto ensure optimum axial alignment of the motor. The Fan have the following features-
 - Continuous speed control across full operating range
 - Soft start without inrush current
 - Low transmission losses
 - Low noise and vibration free operation
 - High efficiency across full operating range
 - Integral overload protection.

8. **Humidifier-** The unit should be fitted with infrared type / steam electrode type humidifier. Humidification shall be provided by boiling water in a high temperature polypropylene steam generator. The steam shall be distributed evenly into the bypass air streams of the environment control system to ensure full integration of the water vapor into the supply air without condensation. The humidifier shall be capable of providing sufficient amount) of steam per hour so as to match with the RH requirements of the area of 45-55 % and suitable for untreated water. The waste water shall be flushed from the humidifier by the initiation of the water supply solenoid water valve via a U-pipe overflow system. The drain solenoid valves will not be used. The humidifiers should be easily maintainable and operate automatically based on the room humidity sensor.
9. **Compressor-** The indoor unit shall be complete with variable capacity compressor (i.e Scroll / inverter type) and shall be suitable to top discharge. **Tandem scroll is not acceptable in any case.** The compressor shall be for operation on R 410A/134 or equivalent eco-friendly gas as per the statutory requirements. Each compressor shall have internal motor protection and be mounted on vibration isolators.
10. **Refrigeration Circuit-** The refrigeration system shall be of the direct expansion type and incorporate one or more hermetic scroll compressors, complete with crankcase heaters. The system shall include a manual reset high pressure control, auto reset low temperature switch, externally equalized electronic expansion valve, high sensitivity refrigerant sight glass, large capacity filter drier, and charging / access ports in each circuit.
11. **Evaporator Coil-** The evaporator coil shall be A-shape coil (for down flow) or V-shape coil (for upward flow) or flat-shaped as per manufacturer's (OEM's) standard design incorporating draw-through air for uniform air distribution. The coil shall be constructed of rifled bore copper tubes and louvered aluminium fins, with the frame and drip tray fabricated from heavy gauge aluminium. All metal parts in contacts with condensate shall be the same material to prevent electrolytic corrosion. The drip trays shall ensure the collection of condensates and be accessible for cleaning.

The cooling coil shall be multi rows deep and with suitable fin space. Coil selection to be provided with hydrophilic coating to minimize / eliminate water carryover into the airflow stream. Drain pan of SS make shall be factory insulated with closed cell elastomeric insulation, joints sealed with self-adhesive tape of same material. Fixing of coil section and drain pipe shall be done in such a way to avoid direct metal contact with any other un-insulated metal part in order to avoid condensation. The drain piping and refrigerant piping within the unit shall be insulated with at least 9mm thick closed cell elastomeric insulation in tubing form.
12. **Dehumidification-** A specific dehumidification cycle (split-suction) shall operate by reducing the operating surface temperature in a section of the refrigerator coil by means of a solenoid valve on the suction header. Full airflow of the unit will be maintained at all times to ensure consistent air distribution to the conditioned space.
13. **Remote Air-Cooled Condenser-** The condenser should be with fan speed controller designed and set for usages of R410A refrigerant or equivalent eco-friendly gas. The condenser should be having stable operating conditions from -5 °C to 45 °C ambient temperature (ambient condition of Patna). The air-cooled condenser shall be the low-profile, weather-proof type incorporating high efficiency, direct drive, external rotor motors with axial blade fans. The condenser shall be constructed from heavy-duty aluminium and corrosion resistant components. Heavy duty mounting legs and all

assembly hardware shall be included. The outdoor shall be mounted to withstand tough environmental conditions and high wind speeds as per the latest relevant IS code limits.

14. Fan Speed Control Condenser- The condenser fans shall be directly driven by electric motors with an IP54 enclosure rating and class F insulation. The motor shall be equipped with permanently sealed ball bearing and high temperature grease. The motors shall be speed controlled to ensure stable operating conditions from -5 °C to 45 °C ambient temperature (ambient condition of Patna) by a factory fitted, direct acting pressure actuated fan speed controller. The control system shall be complete with input isolation switch, transducers, and pressure switches. The high-performance heat exchanger shall include mechanically expanded crosshatched copper tubes and louvered aluminium for maximum heat transfer. The coil shall be finished in a high temperature modified epoxy coating to offer increased protection in aggressive environments. The coil rows, maximum face velocity and minimum fin spacing should be as per the manufacturer's (OEM's) standard. The outdoor condenser must be provided with sufficient number of fans as per OEM standards with electronically commutated motors which must include micro-controller with option to set ambient temperatures / system pressure etc. The logic of operation of EC motor must be to maintain a constant discharge pressure in the circuit irrespective of ambient temperatures.

15. Microprocessor Controller- Air conditioning models should be controlled by microprocessor-based controller. It can be programmed to control the function of every device within the unit via I/O. The display and control buttons shall be accessible from the unit front without removing any external panels. The controller shall feature ISP (In-system-Programming) technology to support program upload via a PC.

The controller shall allow setting and monitoring of the room parameters. The unit should utilize multiple temperature sensors placed at the rack inlet to ensure management and control of temperature by rack. The control strategies shall be microprocessor-based programmable integrated differential controller (P-I-D) with dew point compensation for accurate temperature and humidity control. A selection of return or supply air control shall be provided to suit the application.

The controller shall have a user-friendly menu driven interface with supporting help screens and shall use multi-protocol data communications. Access to the controller settings to prevent against unauthorized access. The control system shall allow programming of the following conditions: -

- Return / supply Temperature set point
- Return / supply Temperature band.
- Humidity Set point
- Humidity band

The following features should be incorporated in the controller: -

- Status Report of the latest event-messages of the unit.
- Input for remote on-off and volt-free contacts for simple remote monitoring of low and high priority alarms: high / low temperature, high/low refrigerant pressure, fan / control failure, compressor / control failure.
- LAN management: functions provided as standard include stand-by (in case of failure of the unit in operation, the second one starts automatically), and automatic rotation. At least one unit in the LAN has to be equipped with Cold Fire large display.
- Automatic restart is provided after a power failure.

Alarms: - The microprocessor shall activate an audible, visual, and general alarm in the event of any of the following conditions. These alarms shall have selectable control action enabled, disabled or off.

- High Temperature
- Low Temperature
- High Humidity
- Low Humidity
- Loss of Air
- High Pressure
- Low Pressure
- Humidifier Low Water
- Water Under Floor / Water leakage detection

The unit shall also incorporate the following protections:

- Single phasing preventers.
- Reverse phasing
- Phase unbalancing
- Phase failure
- Overload tripping of all components

16. Scaffolding- The scaffolding required for laying of copper tubes, cables, earth strips etc., if required, shall be provided by the contractor without any additional cost.

17. Standards - IS/ IEC, ISO 9001 manufacturer, CE certification where applicable.

18. Testing – site acceptance test.

19. Refrigerant circuit – complete with expansion valve, fitter drier, sight galas and safety controls

Note: Formula to be inserted properly

1. Rates are to be quoted only in the online price bid, Due to the limitation of 1000 characters, complete description could not be accommodated, and description given thereof is brief. Before quoting rates online, all the contractors must read the complete details of each item given in the Unpriced Bill of Quantities (BoQ) given in part-II of the tender document. For execution and rate purpose, the details given in Bill of Quantities in part-II of the tender document will be implemented.

2. Bidders are advised to quote rates for the items listed in Part-II **inclusive of GST**. The total value (i.e., the GST-inclusive rate quoted by the successful bidder) will be considered the total contract value for the work. No changes to the quoted rates will be accepted. Furthermore, the quoted CAMC rates will automatically be multiplied by the NPV factor, as specified in Part-I, Section-II, Para 15.0 or given below.
3. The price bid format given above is only for illustrative purpose. Bidders are requested not to upload price bid along with part-I tender documents. Price should be submitted online, only through CPP portal. Submission of price bid along with part-I tender documents will lead to disqualification of tender.

Note: Minimum Base Rate for Comprehensive AMC is 5% (five) of total capital cost in case, the tenderer quotes the rates for comprehensive AMC lower than 5% (five) of the quoted capital cost, then the 5% (five) of the quoted capital cost will be considered as AMC for calculation of Total Cost of Ownership.

3. Notwithstanding the above, the Bank shall pay only the quoted rate of the AMC during the currency of the committed contract period subject to renewal formulae indicated in the tender

On award of contract, the successful tenderer shall furnish an amount equal to **5% (five percent)** of the contract value in the form of a Bank Guarantee (Security Deposit) from any scheduled Bank in the form prescribed by the Bank as per [Annexure-6](#) (which will be submitted along with letter of acceptance) towards security deposit for the due fulfilment of the contract.

- d) This Bank Guarantee towards security deposit for the due fulfilment of the contract, shall be valid for the contract completion period up to the date of handing over of the Precision AC. The BG shall be suitably extended till completion of the work plus three (3) months in case of extension of contract period.
- e) The successful tenderer failing to furnish the Performance Bank Guarantee within stipulated time period shall be liable for penalty at bank rate for the delay period and their tender shall be liable to be cancelled and the EMD deposited shall be enforced without prejudice for further loss or damage.
- f) The NEFT / DD / Bank Guarantee (BG) towards earnest money deposit furnished at the time of submission of tender will be returned thereafter.

15.2 Bank Guarantee during Defect Liability Period and CAMC period:

After completion of works but before expiry of the BG submitted for due fulfilment of execution of work, the tenderer shall furnish a new BG, in the form prescribed by the Bank as per [Annexure-6](#) for due fulfilment of the terms and obligations of the DLP and CAMC contract, for an amount equal to **10% of the capital cost of work valid for initial 05 years**, and thereafter for an amount of **5% of the Capital cost of work for rest 05 years**. The BG shall be renewed 2 weeks before expiry of the previous one failing which the above Bank Guarantee shall be enforced without prejudice to his being liable for any further loss or damage incurred in consequence, by the Bank.

The Bank reserves the right to invoke the Bank Guarantee in case of unsatisfactory performance of the terms, conditions of the DLP and CAMC set out in the tender at any time during the currency of committed period of **ten (10) years (One-year DLP and 09 years CAMC)**.

16. All compensation or other sums of money payable by the contractor to the Bank under the terms of this contract may be deducted from the earnest money deposit and the security deposit if the amount so permits, and the Contractor shall, unless such deposit as become otherwise payable, within ten days after such deduction made good in cash the amount so deducted.

17.0 Lowest Tender Not Necessarily to Be Accepted

17.1 The Bank is not bound to accept the lowest / any tender or to assign any reason for non-acceptance.

17.2 The tenderer whose tender is not accepted shall not be entitled to claim any costs, charges, damages and expenses of and incidental to or incurred by him through or in connection with his submission of tenders, even though the Bank may elect to modify / withdraw the tender.

18.0 Right to Accept Part Tender

18.1 The Bank reserves the right to accept the tender either in whole or in part at the same prices quoted by the Tenderer.

19.0 Evaluation of Tender

The tenders will be evaluated not only on the basis of capital cost quoted for the AC system but also taking into account the effect of rates quoted for comprehensive all-inclusive Annual Maintenance Contract (CAMC) for a period of 09 years after expiry of one year warranty period (Defect Liability Period), by using Net Present Value (NPV) method. For arriving at the NPV of CAMC amount, the following will be considered:

$$\text{Total Cost of Ownership} = [A + (F * B)]$$

Where, A= Capital Cost Precision AC

B= Comprehensive CAMC Value of Precision AC

F= 7.11 (Multiplying Factor)

For calculating the NPV of service contract charges, the following factors have been applied:

(a)	Increase (Escalation)	5% per annum
(b)	Discount factor	8% per annum
(c)	Period of contract	10 years from the date of handing over of the system.
(d)	Payment terms for annual maintenance contract.	Quarterly payment after satisfactory completion of the service

Minimum Base Rate for Comprehensive AMC

Minimum Base Rate for Annual maintenance / service Contract is 5% (Five) of total capital cost. In case, the tenderer quotes the rates for AMC lower than 5% (Five) of the quoted capital cost, then the 5% (Five) of the quoted capital cost will be considered as AMC for calculation of Total Cost of Ownership.

Note: Notwithstanding the above, the Bank shall pay only the quoted rate of the AMC during the currency of the committed contract period subject to renewal formulae indicated in the tender.

20.0 Signing of Contract Agreement

20.1 The General instructions to the tenderers and special conditions, conditions hereinbefore referred to, conditions of contract and technical specifications, schedule of works enclosed with the tender documents and the subsequent correspondence exchanged between the Bank and the tenderer shall be the basis of the Purchase Order / final contract to be entered into with the successful tenderer.

20.2 The tenderer shall go through the terms and conditions given in the general conditions of contract herewith and his offer shall be strictly in line with the terms specified therein. No deviation from the terms and conditions specified shall be acceptable. Each page of the tender documents should be signed for his / their having acquainted himself / themselves in the general conditions of contract, Technical specifications, etc.

20.3 The tender submitted on behalf of a firm shall be signed by all the partners of the firm or a partner who has the necessary authority on behalf of the firm to enter into the proposed contract. Otherwise the tender may be rejected.

20.4 On receipt of intimation from the Bank of the acceptance of submitted tender, the successful tenderer shall be bound to implement the Contract and within 14th days thereof, the successful tenderer shall sign an agreement in accordance with the draft articles of agreement ([Annexure-5](#)). **The agreement should be on a non-judicial stamp paper of required value as per applicable stamp act and the cost for the same shall be completely borne by the tenderer.** Notwithstanding the signing of the agreement, the written acceptance by the Reserve Bank of India of a tender, in itself, will constitute a binding contract between the Reserve Bank of India and the person so tendering, whether such agreement is or is not subsequently executed.

20.5 The contractor shall not assign the contract. He shall not sublet any portion of the contract except with the written consent of the Employer. In case of breach of these conditions, the Employer may serve a notice in writing on the Contractor rescinding the contract whereupon the security deposit shall stand forfeited to the Employer, without prejudice to his other remedies against the Contractor.

21.0 Import and Export License

21.1 Import License, if required, will be obtained by the Tenderer. All necessary documents / fees required to be submitted / paid to the relevant authorities, for obtaining the import license shall be the sole responsibility of the tenderer.

21.2 The Tenderer shall obtain and maintain the necessary export license for importing machines into India from the competent authorities and shall pay all costs and fees connected therewith. Failure to obtain and maintain export license shall not be considered as Force Majeure. In case the Tenderer fails to obtain or maintain the licenses, or if the licenses are withdrawn, the tenderer shall restore them within two months from the date of such cancellation / withdrawal. If the tenderer fails to restore the export license, the Bank shall have the right to cancel the contract in whole or in part and the Tenderer shall forthwith return to the Bank all the amounts paid by the Bank to the Tenderer in respect of the supplies and services cancelled, together with all damages suffered by the Bank. In this regard the decision of the Bank shall be final and binding.

22.0 Pre-dispatch Inspection

22.1 At Bank's discretion, the Precision ACs may be inspected by the Bank's Engineers at factory premises before dispatch and cleared for shipment. Vendor should submit detail inspection / Q.A plan along with the offer. This will however, not in any way absolve the contractor of his responsibility for the continued performance of the system/components after erection & commissioning at the site during the period of defects liability and subsequent CAMC period. Supplier shall submit the factory test report / result for the supplied equipment during the inspection itself.

22.2 Further, the Bank's engineer shall have free and full access at any time during execution of the contract to the contractor's works or site in case of the execution of work for the aforesaid purpose, and he may require the contractor to make arrangements for inspection of work or any part thereof or any material at his premises or at any other place specified by the Bank's Engineer and if the contractor has been permitted to employ the service of a sub-contractor, reserve to the Bank's Engineer a similar right.

22.3 The above will, however, not in any way absolve the contractor of his responsibility about proper performance of the system / components after erection and commissioning at the designated place.

22.4 Cost of Inspection: The contractor shall provide, without any extra charge, all materials, tools, labour and assistance of every kind which the Bank's Engineer may demand of him for any test / inspection and examination which he shall require to be so made on the contractor's premises and shall bear and pay all costs attendant thereon. However, cost of travelling, boarding and lodging, of the Bank's Engineer (s) to the site of inspection shall be borne by the Bank.

22.5 Method of Testing: The Bank's Engineer shall have the right to put all the equipment and materials forming part of the same or any part thereof to such tests as he may think fit and proper. The contractor shall not be entitled to object on any ground whatsoever to the method of testing adopted by the Inspector.

22.6 Inspector Authority to certify performance: The Bank's Engineer shall have the power-

- a) Before any equipment or part thereof are submitted for inspection to certify that they or any portion thereof are not in accordance with the contract owing to adoption of any unsatisfactory method of manufacture;
- b) To reject any equipment or parts submitted as not being in accordance with the specification;
- c) To reject the whole of the equipment tendered for inspection, if after inspection of such portion thereof as he may in his discretion think fit, he is satisfied that the same is unsatisfactory; and
- d) To mark the rejected equipment or parts with a rejection mark so that it may easily be identified if re-submitted.

22.7 Consequence of rejection: If on the equipment or the equipment or its part thereof, being rejected by the Bank's Engineer, the contractor fails to make satisfactory supplies or rectify the faulty work thus executed within the stipulated period of delivery / completion period, the Bank shall be at liberty to:

- i) Allow the contractor to re-submit the equipment or parts in replacement of those rejected, within a time to be specified, the contractor bearing the cost of freight if any, on such replacement without being entitled to any extra payments on that account; or
- ii) Purchase / execute or authorize the purchase / execution of quantity / work of the equipment or parts rejected or others of a similar description (when equipment or parts exactly complying with specifications are not, in the opinion of the Bank which shall be final, readily available) to the contractor at his risk and cost and without affecting the contractor's liability regarding supply under the contract; or Cancel the contract and purchase / execute or authorize the purchase / execution of the quantity / work of the equipment or others of a similar description (when equipment or parts exactly complying with specifications are not in the opinion of the Bank, which shall be final, readily available) at the risk and cost of the contractor. In the event of action being taken under such clause (ii) above or this clause, the provision of delivery clause applies as far as applicable.

22.8 The Bank's Engineer's decision as to rejection is final: The Bank's Engineer 's decision regarding the rejection shall be final and binding on the contractor subject to contractor's appeal.

23.0 Completion Period

23.1 Time allowed for carrying out the work is **45 days from the 14th day from the date of work order / intimation from the Bank**, as mentioned in the Memorandum, shall be strictly observed by the Contractor and it shall be reckoned from the 14th day after written order to commence the work is issued from the Bank. The work shall throughout the stipulated period of the contract be proceeded with all the due diligence and if the contractor fails to complete the work within the specified period, he shall be liable to pay liquidated damages as defined in "Liquidity Damages" stated in section-V-

“Appendix herein before referred to” of the contract. The tenderer shall, before commencing the work, prepare a detailed work programme which shall be approved by the Employer.

23.2 Bank will provide lockable storage space within the compound of the building. However, the responsibility and safety of the materials stored will be with the contractor. No accommodation will be provided for any worker by the Bank.

24.0 Insurance

The contractor shall take insurance policies in the joint names of the Bank and the contractor (the Bank's name being first) from date of despatch of first consignment of material from manufacturer, till the completion of work or handing over the Precision AC to the Bank. The rates quoted shall include the cost of these insurance policies. The policies shall cover the following risks:

- Transit insurance for transportation from manufacturer's to site (By air / sea / road etc., as applicable).
- Contractors all risk insurance inclusive of fire, earthquake, storage, erection, Testing, and Commissioning policy for full contract value.
- Workmen compensation policy for the employees of the contractor at site.
- Third party liability policy for a total of ₹ 10 lakhs and with a limit of ₹ 2 lakh per accident.

Note: These policies shall be valid till the completion of work. If these policies are not provided by the contractor, the Bank reserves the right to take the above insurance policies themselves and recover the cost thereof from the bill of the contractor.

25.0 Warranty and Comprehensive Annual Maintenance Contract (CAMC)

25.1 The entire equipment shall be guaranteed to be free from defective workmanship or materials and any defects that may appear within 12 months from the date of issue of completion certificate / handing over for the entire work, which in the opinion of the Employer have arisen from bad workmanship or materials, shall upon intimation by the Employer, be made good by the Contractor at his own cost within the time specified. During the said period of 12 months, the contractor (successful tenderer) shall make periodical inspection of the working of the Precision AC free of charge at least once a month or earlier, if required, and attend to the maintenance of the various parts and such other service that may be required of him.

Immediately after successful completion of DLP, the contractor shall enter into Comprehensive Annual Maintenance Contract (CAMC) with the Bank at the quoted/ approved rates for CAMC.

25.2 Comprehensive Annual Maintenance Contract (CAMC)

The tenderer shall quote his rates in rupees per Precision AC per annum and shall furnish an undertaking for providing Comprehensive Annual Maintenance Contract for satisfactorily providing support, spares and maintain the Precision AC satisfactorily for a minimum period of 09 years from the expiry of 12 months free warranty period.

- Procurement, including Import, wherever required, of spares and stocking them shall be responsibility of the tenderer. Non availability of spares/ components will not be accepted as a reason for waiving of penalty towards delay in rendering prompt service.
- The scope of maintenance in addition to periodic maintenance (quarterly) will also include attending to any number of breakdown calls.

(B) Penalty for delay in service during warranty and AMC period:

During the period of the Annual Maintenance Service Contract, all care shall be taken so that the downtime of any Precision Air conditioning unit is kept minimum and the PAC units shall be attended within 24 hours of receiving the complaint. In case, the entire PAC system of Server room remains under breakdown for more than a day, then a penalty equivalent to 2 times the daily rate of service contract (annual rate of CAMC of the said AC system/ 365) shall be recovered from the payment due to the contractor. The contractor shall also ensure that the required spares etc. for proper maintenance are readily available with them for the complete life span of the Precision AC system.

The payment towards AMC charges will be made every quarter after satisfactory completion of the service and submitting a bill for the quarter along with the Service report of the respective period duly signed by the Bank's Engineer/caretaker.

Renewal of Comprehensive Annual Maintenance Contract rates:

Immediately after successful completion of DLP, the contractor shall carry out Comprehensive Annual Maintenance Contract (CAMC) work at the quoted/ approved rates for CAMC. After completion of DLP and 1st year CAMC, rates will be revised for further 09 years as given below:

The CAMC charges will also be considered while evaluating tender as prescribed in the section-II-para 15.0 "evaluation of tenders". Further renewal amount for the CAMC shall be worked out as per the following formula:

		$A_c = A_p / 100 [15 + 60 \times (W_{Pc} / W_{Pp}) + 25 \times (C_{Ic} / C_{Ip})]$
A_c	=	The contract amount for the current year.
A_p	=	The contract amount for the previous year.
W_{Pc}	=	Wholesale Price Index for metal products 6 months prior to the commencement date of contract for the current year.

WP _P	=	Wholesale Price Index for metal products 6 months prior to the commencement date of contract for the previous year.
CI _C	=	Consumer Price Index for industrial workers (Patna) 6 months prior to commencement date of contract for the current year.
CI _P	=	Consumer Price Index for industrial workers (Patna) 6 months prior to commencement date of contract for the previous year.

25.3 Scope of works during Warranty and CAMC

The Precision AC shall be guaranteed against faulty workmanship / poor material quality and failures due to the same, for minimum of 12 months from the date of commissioning.

During the period of the Annual Maintenance Service Contract, all care shall be taken so that the downtime of any Precision Air conditioning unit is kept minimum and the PAC units shall be attended within 24 hours of receiving the complaint. In case, the entire PAC system of Server room remains under breakdown for more than a day, then a penalty equivalent to 2 times the daily rate of service contract (annual rate of CAMC of the said AC system/ 365) shall be recovered from the payment due to the contractor.

The contractor shall also ensure that the required spares etc. for proper maintenance are readily available with them for the complete life span of the Precision AC system.

The payment towards AMC charges will be made every quarter after satisfactory completion of the service and submitting a bill for the quarter along with the Service report of the respective period duly signed by the Bank's Engineer/caretaker.

26.0 Terms of Payment

The payment for the works to be executed under this contract shall be made as follows and no variation in the mode of payment will be acceptable to the Reserve Bank of India.

Other Issues

27. The contractor shall furnish an undertaking as per the enclosed proforma (**Annexure-3**) that they will maintain the Precision AC satisfactorily for a minimum period of 09 years from the date of expiry of the One-year defect liability period at the rate quoted by them in this contract towards Comprehensive Annual Maintenance service contract subject to the terms, conditions, scope indicated under scope of service contract.

28. The Contractor shall carry out all the work strictly in accordance with drawing, details and instructions of the Bank's engineer. If in the opinion of the Bank's engineer, nominal changes must be made to suit the site condition and with the prior approval in writing of the Employer, they desire the Contractor to carry out the same, the Contractor shall carry out the same without any extra charge.

29. The tenderer must obtain for himself on his own responsibility and at his own expense, all the information which may be necessary for the purpose of making a tender and for entering into a contract and must examine the drawings, inspect the site of the work, and acquaint himself with all local conditions, means of access to the work, nature of the work and all matters pertaining thereto. The Employer's decision in such cases shall be final and shall not be open to arbitration.

30. A Schedule of Probable Quantities in respect of each work and Specifications accompany these Special Conditions. The Schedule of Probable Quantities is liable to alteration by omissions, deductions or additions at the discretion of the Employer. Each tender should contain not only the rates but also the value of each item of work entered in a separate column and all the items should be totalled in order to show the aggregate value of the entire tender.

31. The rates quoted in the tender shall include all charges for scaffoldings, watching and lighting by night as well as day including Saturdays / Sundays and holidays, protection of all other erections, matters or things and the Contractor shall take down and remove any or all such centering, scaffolding etc. as occasion shall require or when ordered so to do, and fully reinstate and make good all matters and things disturbed during the execution of work and to the satisfaction of the Bank.

32. The contractor shall not be entitled to any compensation for any loss suffered by him on account of delays in commencing or executing the work, whatever the cause of delays may be, including delays arising out of modifications to the work entrusted to him or in any sub-contract connected therewith or delays in awarding contracts for other trades of the project or in commencement or completion of such works. The Employer does not accept liability for any sum besides the tender amount, subject to such variations as are provided for herein.

33. The successful tenderer is bound to carry out all items of work necessary for completion of the job even though such items are not included in the quantities and rates. Schedule of instruction in respect of such additional items and their quantities will be issued in writing by the Bank.

34. A brief specification and design data accompany these special conditions. It is not to be accepted as final by any means. The tenderers are expected to explain in detail the various designs in Precision AC mechanism offered, which would give a more enhanced working and finish.

35. The successful tenderer must co-operate with the other contractors appointed by the Bank so that the work shall proceed smoothly with the least possible delay. He should make his own arrangement for storage and protection of all materials supplied by him.

36. The work has to be carried out in an occupied office and, therefore, may have to be carried out during restricted hrs. / beyond office hrs. / Saturdays / Sundays / Bank's holidays.

37. Non- Disclosure Clause: The Contractor shall not disclose directly or indirectly any information, materials and details of the Bank's infrastructure/systems/ equipment etc., which may come to the possession or knowledge of the Contractor during the course of discharging its contractual obligations in connection with this agreement, to any third party and shall at all times hold the same in strictest confidence. The Contractor shall treat the details of the contract as private and confidential, except to the extent necessary to carry out the obligations under it or to comply with applicable laws. The Contractor shall not publish, permit to be published, or disclose any particulars of the works in any trade or technical paper or elsewhere without the previous written consent of the Bank. The Contractor shall indemnify the Bank for any loss suffered by the Bank as a result of disclosure of any confidential information. Failure to observe the above shall be treated as breach of contract on the part of the Contractor and the Bank shall be entitled to claim damages and pursue legal remedies.

The Contractor shall take all appropriate actions with respect to its employees to ensure that the obligations of non-disclosure of confidential information under this agreement are fully satisfied. The Contractor's obligations with respect to non-disclosure and confidentiality will survive the expiry or termination of this agreement for whatever reason

38.0 The contractor shall comply with the provisions of Prevention of Sexual Harassment at workplaces Act.

38.1 The firm shall be solely responsible in case of any complaint of sexual harassment against its employee within the premises of the Bank. The complaint will be filed before the Regional Committee constituted by the Reserve Bank of India and Bank shall ensure appropriate action under the said Act in respect of the complaint.

38.2 Any complaint of sexual harassment from any aggrieved employee of the firm against any employee of the Bank / DICGC shall be taken cognizance of by the Regional Complaint Committee constituted by the Bank.

38.3 The firm shall be responsible for any monetary compensation that may need to be paid in case the incident involves the employees of the firm, for instance any monetary relief to the Bank's employees, if sexual violence by the employee of the firm is proved.

38.4 The firm shall be responsible for educating its employees about prevention of sexual harassment at work place and related issues.

38.5 The firm shall provide a complete and updated list of its employees who are deployed within the Bank's premises.

PROFORMA OF BANK GUARANTEE FOR PERFORMANCE SECURITY DEPOSIT

(On Non-Judicial Stamp Paper of appropriate value)

To,

General Manager (Officer in Charge)

Reserve Bank of India, Patna.

Dear Sir,

Name of Work: **Supply, Installation, Testing, and Commissioning of 2x5TR (Minimum) PrecisionAir Conditioning System for IT Server Room, Office Building, Reserve Bank of India, Patna.**

Ref: **NIT / Advt. No....., dated.....**

WHEREAS

The Reserve Bank of India, Patna having its Central Office at Shahid Bhagat Singh Road, Mumbai (hereinafter called the 'RBI') has awarded the Contract for the captioned work (hereinafter called "the Contract") to M/s (name of the Contractor) (hereinafter called "the said Contractor" which expression shall include its successors and assigns).

AND WHEREAS the Contractor is bound by the said Contract to submit to RBI a Performance Security for a total amount of ₹ (Rupees.....only) for the due fulfilment by the said Contractor of the terms and conditions contained in the contract. We,(name of the Bank), (hereinafter called "the Bank"), at the request of M/s, the Contractor, do hereby undertake to pay to the RBI an amount not exceeding ₹.....(Rupees only) as Performance Guarantee for due fulfilment of the terms and conditions of the contract.

NOW THIS GUARANTEE WITNESSETH

1.0 We, (name of the Bank), do hereby agree with and undertake to RBI, their Successors, Assigns that in the event of the RBI coming to the conclusion that the Contractor have not performed their obligations under the said conditions of the Contract or have committed a breach thereof, which conclusion shall be binding on us as well as the said Contractor; we shall on demand by the RBI, pay without demur to the RBI, a sum of ₹.....(Rupees only) or any lower amount that may be demanded by the RBI. Our guarantee shall be treated as equivalent to the Performance Security Deposit for the due

performance of the obligations of the Contractor under the said Conditions, provided, however, that our liability against such sum shall not exceed the sum of ₹(Rupees only).

2.0 We also agree to undertake to and confirm that the sum not exceeding ₹.....(Rupees only) as aforesaid shall be paid by us without any demur or protest, merely on demand from the RBI on receipt of a notice in writing stating that the amount is due to them and we shall not ask for any further proof or evidence and the notice from the RBI shall be conclusive and binding on us and shall not be questioned by us in any respect or manner whatsoever. The Bank shall pay to the RBI any money so demanded notwithstanding any dispute(s) raised by the Contractor in any suit or proceedings pending before any Court, Tribunal or Arbitrator(s) relating thereto and the liability under this guarantee shall be absolute and unequivocal. We undertake to pay the amount claimed by the RBI within a period of one week from the date of receipt of the notice as aforesaid.

3.0 We confirm that our obligation to the RBI under this guarantee shall be independent of the agreement or agreements or other understandings between the RBI and the Contractor.

4.0 This guarantee shall not be revoked by us without prior consent in writing of the RBI.
We hereby further agree that-

a) Any forbearance or commission on the part of the RBI in enforcing the conditions of the said agreement or in compliance with any of the terms and conditions stipulated in the said Contract and / or hereunder or granting of any time or showing of any indulgence by the RBI to the Contractor or any other matters in connection therewith, shall not discharge us in any way and our obligation under this guarantee. This guarantee shall be discharged only by the performance by the Contractor of their obligations and in the event of their failure to do so, by payment by us of the sum not exceeding ₹ (Rupees only).

b) Our liability under these presents shall not exceed the sum of ₹(Rupees only).

c) Our liability under this agreement shall not be affected by any infirmity or irregularity on the part of our said Clients / Constituents in Contracting for the said work or their obligations there under or by dissolution or change in the constitution of our said constituents.

d) This guarantee shall remain in force up to (.....days beyond the Defect Liability Period) provided that if so desired by the RBI, this guarantee shall be renewed for a further period as may be indicated by them on the same terms and conditions as contained herein.

e) Our liability under these presents will terminate unless these presents are renewed as provided hereinabove on the or on the day when our said constituents comply with their obligations, as to which a certificate in writing by the RBI alone is the conclusive proof whichever date is later. Unless a claim or suit or action is filed against us within or any extended period, all the rights of the RBI against us under this guarantee shall be forfeited and we shall be released and discharged from all our obligations and liabilities hereunder.

Yours faithfully,

For and on behalf of
